

Title	General Worker Training Course
Recipients	The course aims to provide workers with the general principles of the law on health and safety in the workplace in compliance with current legislation (Article 37 of Legislative Decree no. 81 of 2008). The training of workers is aimed at creating awareness and culture on the risks and safety measures to be applied to prevent accidents. The art. 37 of Legislative Decree. 81/08 provides that the Employer trains all its employees, in compliance with the contents and duration provided for in the agreement between the Minister of Labor and Social Policies, the Minister of Health, the Regions and Autonomous Provinces of Trento and Bolzano for the training of workers sanctioned by the State Regions Conference on 21/12/2011 (Rep. Acts no. 221 / CSR) (OJ no. 8 of 11-1-2012).
Aims and purposes	<p>Provide participants with the necessary insights and updates to learn about the principles of the Prevention and Protection System adopted by companies and through which tools and strategies the worker is called upon to operate to preserve the state of safety in the workplace.</p> <p>The general training and information course for workers is aimed at employers who want to keep their company in compliance with the legislative decree n.81 / 2008 and subsequent amendments.</p> <p>In fact, the decree obliges the employer to train and inform the workers of his company on the specific risks of the activity carried out within the company.</p> <p>The course for the training and information of the worker deals with providing all the main notions on safety aspects, obligations to be respected and prohibitions for the prevention of possible risks present during work.</p>
